EDUCATING AND CONSULTING BUYERS & SELLERS IN PRIVATE PARTY AUTO SALES

---

As the General Manager of a Classic Car consignment dealership for a number of years, I was quite successful in selling my customer's cars all over the country. My ability to characterize and represent the value of a vehicle being sold through motivating ad copy (text) and professional quality photo presentations created maximum profit for my consignment customers.

Today, I bring those skills and techniques to my classic car customers through "FSBO Auto Advisor". Let me help you maximize your selling experience.

My service for Sellers at [www.FSBOAutoAdvisor.com](http://www.FSBOAutoAdvisor.com) includes:

- Complete photo documentation with posting on my gallery and a personal link
- Effective ad copy with a compelling description of your vehicle
- Guidance through the selling process to the end to ensure the maximum value you receive for your special ride and that your paperwork is completed properly.
